Mandatory lawn watering restrictions specify the days when you may water. These days depend on whether your address ends in an odd or even number, and on the time of the year. So unless your day and number are up, make sure those sprinklers stay down.

Additional restrictions include:

- Water only when needed and not between 10am and 4pm
- Water for no more than one hour per zone.
- Restrictions apply to private wells and pumps, ground or surface water and water from public and private utilities.
- Some exceptions apply.
- Water for no more than one hour per zone.
